Foods Alive the First to Produce Omega Power Oil

A gourmet blend of unrefined, raw, artisan cold-pressed, high quality oils

Angola, Indiana (October 18, 2017) – The leading crafters of real health food have added another certified organic, artisan cold-pressed oil to its lineup. Foods Alive’s organic **Omega Power Oil** is a gourmet blend of unrefined, raw, omega-rich oils from flax, chia, hemp and black sesame seeds, blended with Sacha Inchi and Evening Primrose oils to create a powerhouse combination of essential fatty acids. Foods Alive is the first to offer this blend of oils on the market. Omega Power Oil is artisan-crafted in small batches and at a very low temperature to help preserve the taste and the benefits of the oils.

Flax, Chia, Hemp, and Black Sesame oils

Essential Fatty Acids (EFAs) are necessary for normal body function; however, they are not produced naturally by our body. The only way to get EFAs is through diet. Flax, chia, hemp, and black sesame oils are full of omega-3 and omega-6 essential fatty acids. Flax and chia oil are rich in alpha linoleic acid (ALA). Hemp oil, contains Super Omega-3 (SDA) and Super Omega-6 (GLA), and black sesame oil is anti-fungal, anti-bacterial, anti-viral, and anti-inflammatory.

Sacha Inchi and Evening Primrose oils

Sacha Inchi, also known as Sacha Peanut or Mountain Peanut, has a high combination of Omega-3 and Omega-6. Its oil is sought after for its concentration of antioxidants and active organic compound. Evening Primrose oil contains linolenic acid, gamma linolenic acid, and vitamin E.

Foods Alive offers this first ever gourmet blend of oils in 4-ounce and 8-ounce bottles with a suggested retail price of \$10.99 and \$19.99, respectively. Omega Power Oil is a perfect addition to smoothies, shakes, salad dressings, and more. This new blend of oils is available at Foods Alive, in health food stores and online stores nationwide.

About Foods Alive - Food to Nourish Your Body, Mind & Soul

Since 2002, Foods Alive has been providing mineral-rich, nutrient-dense, organic, raw foods making it easy for people to gain the essential nutrition needed to not just sustain, but to thrive throughout the day.
